

DUMONT TECHNICAL INSTITUTE

Dumont Technical Institute (DTI) is the adult education and skills training entity of Gabriel Dumont Institute. Established in 1992, DTI provides quality education, training opportunities, and services to Saskatchewan's Métis people. Over the past 30 years, DTI has been successful in offering adult education and skills training programs to Métis people across the province. With the philosophy "Learners Come First," DTI has been instrumental in helping reshape the lives of Métis individuals and communities. DTI continues to prioritize Adult Education, Health, Industry/Trades, and Business training.

DTI is proud of its partnerships with various employers that help Métis learners obtain solid employment as well as the giant strides it has made over the years to help meet the needs of Métis learners through curriculum enhancement and Métis-specific programming; working cooperatively with other institutions and agencies to improve Métis participation and success in the education system; and ultimately developing a skilled Métis workforce that will meet local, regional, and national labour market needs.

At DTI...

We believe that, "Learners Come First."

We believe in providing quality education.

We believe in striving for the success of every learner.

We believe in showing compassion and genuine concern for the accomplishment of all learners.

We understand that your success comes from understanding your needs and providing classes that are motivating, supportive and enjoyable. And of course, by providing excellent instructors. Regardless of your educational and career goals, you will soon discover how our motto of "Learners Come First" enables us to effectively support and encourage student achievement in a stimulating and active learning environment that promotes Métis culture and enhances academic excellence, empathy, and caring for one another.
